SHOVEL-TRAC!

BUILDING STEPS

This LEGO® CITY construction tractor is a shovel truck and a dump truck in one! With its ability to dig up dirt and drop it right into the rear-mounted bucket, it can clear new construction sites in no time flat.

You can build the Shovel-Trac using pieces from LEGO CITY sets 7630 Front-End Loader and 7631 Dump Truck...or from your own collection of LEGO bricks!
